JOB APPLICATION FOR FRONT-END SOFTWARE ENGINEER

Dear Vimeo,

About Me

Hello! My name is Penn.

I'm a New York City-based Software Engineer with a passion for clean code, good design, and useable interfaces.

Why You?

As I see it, Vimeo is doing the public an invaluable service; removing the barriers and confusion from saving can truly change lives for the better.

Why Me?

At Saks Fifth Avenue, I build interactive projects with a strong focus on user experience, animation, and accessibility.

I agree wholeheartedly with Vimeo's user-first mentality, and am genuinely invested (ha!) in the company's mission.

Thanks!

I will be happy to provide references upon request. Please feel free to contact me by email or phone (802.851.9576).

Many thanks for your time. I hope to hear from you soon!

Kindest Regards,

PENN ROSEN
