About Me

Hello! My name is Penn.

I'm a New York City-based Software Engineer with a passion for clean code, good design, and useable interfaces.

Why You?

To me, Vimeo is *the* place to find high-quality, creator-contributed content.

I agree wholeheartedly with Vimeo's user-first mentality, and am genuinely excited by the company's mission.

Why Me?

Relevant to the position is my experience with video-focused editorial projects.

At Saks Fifth Avenue, I regularly leverage HTML5 video to build interactive and engaging experiences.

Thanks!

I will be happy to provide references upon request. Please feel free to contact me by email or phone (802.851.9576).

Many thanks for your time. I hope to hear from you soon!
